Hygienic, thorough, experienced and efficient. We use both hot and strip wax in our services. Please let us know if you have any preferences.

For large wax areas, we use a wax cartridge system in which we discard the contents after each client. We do not 'double dip' into our wax pots and utilise all disposable spatulas.

We also provide towelettes and a paper g string for all intimate waxing services. We pride ourselves on our cleanliness, we appreciate when you do also.

Facials

We have a wide range of facials to suit all skin types. From a quick pick me up, to relieving your sensitive skin, to boosting your skins hydration levels. We pride ourselves on delivering a quality treatment with world renowned skin care products.

Deep cleanse (teen \$65) 45min \$75

For congested skin or skin with excess breakouts. We steam and extract blackheads and breakouts to help clear and calm the skin.

Deluxe facial 60min \$89

One hour of indulgence that concentrates on a thorough exfoliation. Includes a face, neck and décolletage massage. Again, we customise all products to suit you and your skin's needs during consultation. With a collagen facial, we place a cloth collagen mask on the skin that is infused with plant collagens and hyaluronic acid that holds its weight x 1000 in water to give your skin a boost of hydration.

Active Resurface treatment 45min \$89

Either face only, or have your face, neck and décolletage (\$109). Soften fine lines, even out skin texture and tone and minimise the look of your pore size. We use a professional only Dermalogica exfoliation product that contains highly active skin smoothing ingredients. There's no down time and your skin won't flake or peel. We combine this treatment with a mask customised to suit your skin type.

The Skinstitut facial 45min \$75

Concentrating on exfoliating and hydrating the skin, this 45 minute skin treatment has a focus on brightening and helping to bring out the best in your skin. Includes a facial massage for that little bit of luxury and to promote circulation.

Microdermabrasion

Microdermabrasion helps to minimise scarring, pores, fine lines and pigmentation. Over time, with multiple treatments, your skin will start to produce more collagen and elastin which helps to give the skin a younger, firmer and more supple appearance. We compliment with a tailored mask.
